SAUSALITO HISTORY

For over 3,000 years before white settlers arrived, the Coast Miwok Native Americans lived along what is now Sausalito. They were peaceful hunter-gatherers, and their shell mounds, artifacts, and burial sites still lie beneath the modern town. In 1775, Spanish explorers arrived in San Francisco Bay aboard the San Carlos, naming the area “Saucito” (little willow) after the small willow trees along the stream banks. This name later evolved into “Sausalito.”

In 1838, William Richardson, an English seaman married to the daughter of the Commandante of El Presidio, received a land grant covering much of southern and western Marin County. He built a hacienda near present-day Caledonia Street, and in his honor, the bay was named Richardson’s Bay. However, Richardson lost his holdings, and in 1868, the Sausalito Land and Ferry Company bought most of the land, subdividing it into lots with stunning views and attracting buyers from San Francisco via ferry.

Sausalito developed into a bustling transportation hub, with wealthy San Franciscans living in grand summer homes and British expatriates settling in ornate Victorian mansions on the central hills. The town was also home to a vibrant working-class culture along Water Street (now Bridgeway), with Portuguese boatbuilders, Chinese shopkeepers, Italian and German merchants, and railroad workers. During Prohibition, Sausalito became a base for bootleggers and rumrunners, with speakeasies and contraband-laden trucks regularly moving through town.

With the completion of the Golden Gate Bridge in 1937, train and ferry services were discontinued, and Sausalito seemed destined to become a quiet backwater. However, during World War II, a major shipyard was established on the northern waterfront, rapidly increasing the population to 30,000. The Marinship yard operated around the clock, producing 93 Liberty Ships and tankers for the war effort before closing in 1945.

After the war, Sausalito became a haven for artists, writers, musicians, and other free spirits, drawn by the town’s beauty and affordable rents. This influx of creative individuals, including Sterling Hayden, Alan Watts, Shel Silverstein, Otis Redding, Jean Varda, Sally Stanford, and the bohemian community that gathered at the legendary Valhalla, gave Sausalito its distinctive artistic character. The town was alive with art, music, and counter-culture energy, and famous spots like Zack’s, Juanita’s, No Name Bar, and the Trident became centers of entertainment.

In 1970, passenger ferries returned, and Sausalito became a popular destination for visitors to the Bay Area. Today, the town’s harbors host a variety of pleasure craft from around the world, and Sausalito balances its artistic heritage with thriving industries in technology, media, and finance.

Though Sausalito has changed over time, its diversity and vibrant spirit have remained constant. The town continues to be a place with a rich history and a bright future.

PROPERTY OVERVIEW

Overlooking Bridgeway, each unit in this fourplex has sweeping views across the Bay from San Francisco to Angel Island and Belvedere Island. Each provides a box seat for watching the activity on the Bay, which will include the 2013 America's Cup races. This is an ideal location for enjoying the weather and ambiance of Marin while at the same time having quick access to San Francisco.

The units are approximately 1,042 square feet each, with two bed-rooms, two baths, kitchen and living room overlooking the Bay. Built in 1962, the units were up-dated between 2008 and 2010 with granite or quartz countertops in the kitchens and baths and laminate flooring throughout and new appliances. Three of the four master bathrooms have double sink vanities. Each unit has a fireplace and a front deck. One has a large back deck.

Tuck-under parking provides space for 6 cars. There are three storage closets in the parking area, which are rented separately from the units and a laundry room with two sets of coin-operated washers and dryers. The property was re-roofed in 2001. A drip system keeps the landscaping watered.

The units are separately metered for gas and electricity. Each has its own gas water heater and forced air gas furnace.

For those who work at home, this is better than a corner office in the major downtown buildings (unobstructed view, no commute or parking costs), For those who commute, a relaxing ferry trip gets you to the financial district in about 20 minutes.

LOCATION OVERVIEW

Just minutes across the Golden Gate Bridge from San Francisco, Sausalito is both a world-renowned tourist destination and an incredible place to call home. Once known for its bohemian community, many of whom lived in the houseboats that are still clustered along its waterfront, today Sausalito retains much of its old school charm. It also has a deserved reputation as an upscale, close-in alternative to the City, with an almost Mediterranean flair. Homes with million dollar views of the Bay, Angel Island, Belvedere Island, Alcatraz, and the San Francisco skyline dot the hillside above town creating a magical setting. Much of the downtown corridor along Bridgeway features businesses catering to the throngs of tourists that arrive by ferry from San Francisco, with a number of pricey waterfront restaurants boasting panoramic Bay views. While tourists flock to businesses along Bridgeway, locals head to pubs and restaurants along Caledonia Street. The Northwest end of town has a more low key, local feel, and is home to a number of condominium developments. Like most of Marin, Sausalito offers breathtaking hiking and biking trails, and with the Bay being such a focal point, water sports are popular as well with many boaters and kayakers taking to the Bay on weekends.
